ThinkPad T14 Gen 2 Healthcare Edition combines exceptional power and performance with security, disinfection, and other features designed specifically for the needs of the healthcare industry. Along with built-in ThinkShield and Intel® vPro® platform security capabilities, this specialty edition features an RFID reader, enhanced biometric authentication, device cleaning mode, and heightened privacy protection with a webcam privacy shutter and an optional PrivacyGuard with PrivacyAlert On-Cell Touch display.

While security is foremost, ThinkPad T14 Gen 2 also takes performance seriously. Powered by 11th Gen Intel® Core™ vPro® processors and with the optional new Intel® Wi-Fi 6/6E (Gig+), this laptop provides the best Wi-Fi technology for video conferencing with colleagues, care teams, patients, and their families. Select models include a stunning display with 4K UHD Dolby® Vision™ and Intel® Iris® Xe graphics for enhanced viewing of diagnostic imaging.
**INTEGRATED RFID READER**
ThinkPad T14 Gen 2 Healthcare Edition features a built-in RFID reader that is compatible with all major single sign-on (SSO) providers, including Imprivata.® It supports RFID and NFC technologies to align computer access with facility access, enabling secure network authentication with the tap of a badge.

**ADVANCED BIOMETRIC SECURITY**
This specialty edition offers strong multi-factor authentication for healthcare organizations and providers who require some of the most advanced security. An optional HD IR hybrid camera enables sign-on with Windows Hello™ and other authentication platforms using facial recognition technology. The FIPS 201-compliant fingerprint reader exceeds DEA security requirements for Electronic Prescription of Controlled Substances (EPCS) with a 9-point fingerprint match and the ability to encrypt fingerprint data for authentication over the network.

**BUILT-IN PROTECTION**
In addition to built-in ThinkShield security features, ThinkPad T14 Gen 2 has the protection of Intel® Hardware Shield, available exclusively on the Intel® vPro® platform, which provides the world’s most comprehensive hardware-based security for business. An optional 500nit FHD IPS PrivacyGuard with PrivacyAlert On-Cell touch display offers a brighter viewing experience while preventing breaches of confidential information thanks to an integrated e-privacy filter that prevents visual hacking (shoulder surfing) coupled with gaze detection, which automatically blurs the screen when the user looks away.

**ENHANCED PRODUCTIVITY**
ThinkPad T14 Gen 2 / includes productivity-enhancing features like Modern Standby, which enables the machine to wake in one second and connect to the internet a second later, and new Wi-Fi 6E to deliver faster data rates and lower latency for higher performance. With a starting weight of just 3.23 pounds, this device is easy to carry on rounds or across sprawling medical campuses.

**durability**
In addition to meeting Lenovo’s stringent durability specs, this device features an antimicrobial surface treatment that meets ISO 22196 standard plus Lenovo Quick Clean Software Application, which suspends user input to facilitate disinfection of the device.

**security**
An FIPS 201 fingerprint reader, RFID reader, optional HD IR hybrid camera with webcam privacy shutter, and optional PrivacyGuard On-Cell Touch display combine to give users quick, secure access while keeping intruders out.

**performance**
ThinkPad T14 Gen 2 / is built to perform with up to 11th generation Intel® Core™ i7 vPro® Processors, up to 48GB DDR4 (3200MHz) memory, and up to 2TB of storage.
**Lenovo ThinkPad T14 Gen 2 Healthcare Edition**

**performance**

**PROCESSOR**
Up to 11th Generation Intel® Core™ i7 vPro™ Processors

**OPERATING SYSTEM**
Windows 10 Pro

**GRAPHICS**
Integrated Intel® UHD Graphics
Optional Intel® Iris® Xe Graphics (dual channel only)
Optional Nvidia® GeForce® MX450 with 2GB GDDR6

**CAMERA**
HD IR hybrid camera with webcam privacy shutter
HD RGB camera with webcam privacy shutter

**MEMORY**
Up to 48GB DDR4 (3200Mhz)
1x soldered
1x DIMM

**STORAGE**
Up to 2TB PCIe SSD

**BATTERY**
Up to 10.7 hours,2 50Whr battery

**AC ADAPTER**
Up to 65W Type-C (supports RapidCharge)

**AUDIO**
Dolby® Audio™ Speaker System
2x User-facing Microphones

**connectivity**

**INPUT/OUTPUT PORTS**
2x USB-C (TBT4)
1x USB Card
1x HDMI 2.0
1x Audio (headphone and microphone combo jack)
1x RJ45
1x Audio (headphone and microphone combo jack)
1x SmartCard Reader1

**WI-FI OPTIONS**
Wi-Fi 6E WLAN 802.11 AX
LTE CAT12 or CAT16 4x4 MIMO1
LTE CAT4 for PRC only

**NFC**
Yes1

**DOCKING**
Thunderbolt™ dock
USB 3.0 cable dock
USB-C cable dock
Side mechanical dock

**display**

14" FHD IPS (250nit)
14" FHD IPS (300nit)
14" FHD On-Cell IPS Touch (300nit)
14" FHD IPS Low Power (400nit)
14" FHD IPS PrivacyGuard On-Cell Touch (500nit)
14" 4K UHD IPS (500nit) with Dolby® Vision™
