

# Microsoft Modern Workplace Solution by Lenovo

Enabling collaboration, productivity, security, and business agility for your organization

The nature of work is constantly evolving, and users are expected to work securely from anywhere using any device. Currently, organizations devote a significant amount of their technology budgets to maintain legacy IT systems. Employees put a high premium on productivity tools that enhance their overall work experience.

Businesses say that implementing flexible working has made their company more productive

Businesses say flexible workspaces reduce CAPEX/OPEX

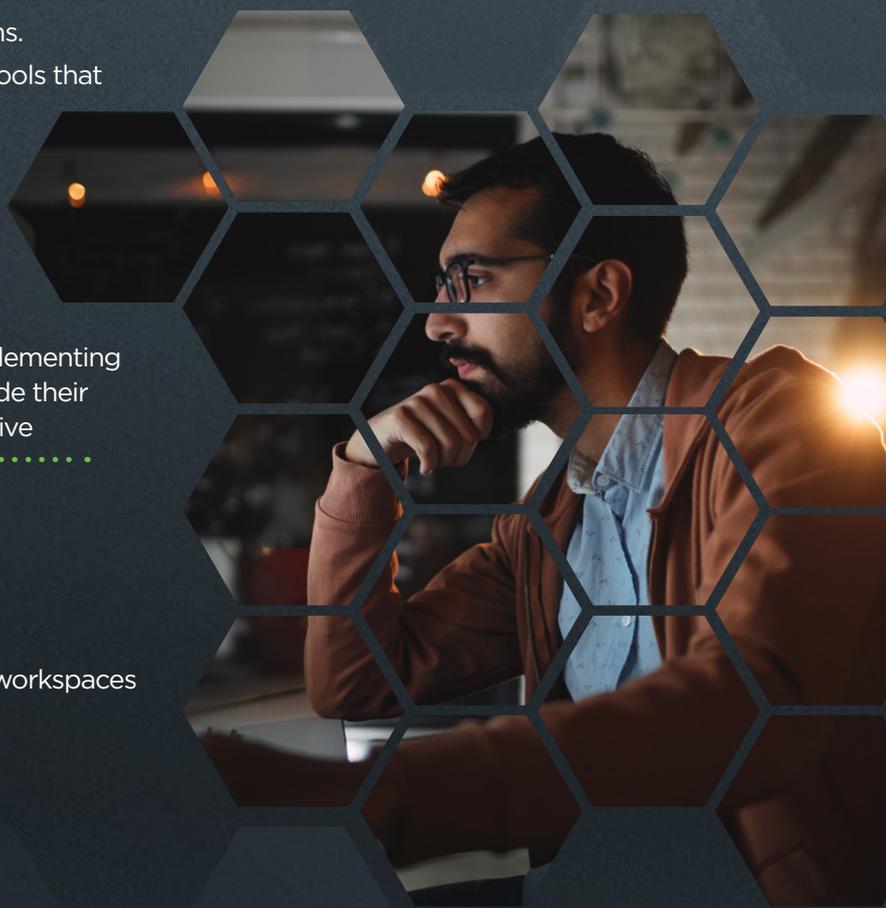

The Modern Workplace keeps employees connected wherever they are and encourage productivity, engagement, and effective collaboration over traditional workspaces – all while saving on costs.

## LENOVO BRINGS THE MICROSOFT MODERN WORKPLACE TO YOU

The Microsoft Modern Workplace is designed for an age of flexibility, enabling your employees to work from anywhere, using any device while keeping your network secure. Our Microsoft-certified experts work with you to understand your current – and – future business needs, providing end-to-end consultation and implementation services that help you take full advantage of industry-leading solutions.

### MODERN WORKPLACE CONSULTING

Our Lenovo Modern Workplace Practice Lead will assist you to baseline requirements and growth needs, charting out customized recommendations and transition plans to enable Modern Deploy and Modern Manage on Microsoft technology stack and device management best practices.

### TECHNICAL BUILD AND IMPLEMENTATION SERVICES

Post migration of devices from legacy operating systems onto Windows 10 Pro, Lenovo helps you go the extra mile by implementing Microsoft Modern Workplace technology and practices to scale your infrastructure and processes for maximum productivity, business agility, and security.

### ZERO-TOUCH DEPLOYMENT AND CONFIGURATION

Microsoft Windows Autopilot simplifies the way devices get deployed and reset, with an experience that is zero-touch for IT and hassle-free for end-users, freeing your teams for more challenging work.

### EXPERIENCED CHANGE MANAGEMENT

Your project is delivered by Microsoft-certified experts and service delivery teams to accelerate time to value. Our services extend beyond technical implementation to the stakeholder and end-user, thus ensuring solution benefits are delivered to different user groups across your organization.

## MODERN WORKPLACE MANAGED SERVICES BY LENOVO

Lenovo helps organizations transition from a 'traditional deploy and manage' to a 'modern deploy and manage' model and benefit from lowered TCO, automation agility, cloud, intelligent mobility and security solutions that encompass the Microsoft Modern Workplace Solution.

Manage all endpoints - on-premises and remote through a single pane of glass

Highly scalable and globally distributed modern management service

Enable unified endpoint security with zero trust security controls

Maximize value from Microsoft 365 integrated solutions

Protect data and ensure devices are compliant to control data flow outside trusted devices and apps

On-going patch management and continuous service improvement with Microsoft technology and best practices

Proactively improve the user experience with the help of integrated endpoint analytics

Thus, the Microsoft Modern Workplace Solution by Lenovo helps to improve workplace collaboration and productivity, business agility, and reduce IT touch time throughout the asset lifecycle.

## BUILD A RESILIENT BUSINESS WITH LENOVO'S MICROSOFT MODERN WORKPLACE SOLUTION.
