

Lenovo 100w GEN 3

Built on the Windows 10 platform and packed with the latest AMD® 3015e processors, the Lenovo 100w Gen 3 enables learning anywhere and everywhere with a familiar interface, advanced security features, and simplified device management. Plus, new Wi-Fi 6 capability keeps students and teachers connected anytime, anywhere.

Weighing less than 3 pounds and boasting up to 10 hours* of battery life, the Lenovo 100w Gen 3 is designed to withstand the bumps, drops, and spills of life on-the-go. Plus, it's available with Microsoft collaboration software to support learning from home, making it the perfect device to ensure that education continues uninterrupted no matter what the future holds.

*Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.

Lenovo 100w GEN 3

FUTURE-READY FEATURES

The Lenovo 100w Gen 3 combines the user-friendly Windows 10 platform with the latest AMD® 3015e processors to propel students ahead, whether researching, writing, or collaborating virtually. The 720p HD front-facing camera turns the classroom into an interactive learning environment and ensures class continues as normal even if everyone is connecting from home.

IMPROVED CONNECTIVITY

In addition to a battery that lasts 10 hours on one charge*, the Lenovo 100w Gen 3 features multiple ports that make it easy to connect to classroom peripherals or connect headphones for listening to lectures at home. New Wi-Fi 6 capability coupled with Microsoft Teams integration makes it easy to stay connected with teachers and classmates by enabling virtual face-to-face interactions.

BUILT FOR BUMPS

As learning transitions out of the classroom and into the world, you need a device that's designed for life on the move. Thanks to its drop-resistant design (up to 75 cm) and reinforced ports and hinges, the Lenovo 100w Gen 3 can handle just about anything from the classroom to the science lab to the kitchen table.

EXTREME SECURITY

The Lenovo 100w Gen 3 is protected by multiple built-in security solutions including Windows 10 security features that protect the device from unauthorized use and Lenovo security features such as a camera privacy shutter.

durability

Designed to meet MIL-SPEC-810H and Lenovo EDU Spec standards, the Lenovo 100w Gen 3 has improved resistance to spills (now, up to 360 ml), while reinforced ports and improved mechanically-anchored keys combine for more uptime and fewer repairs.

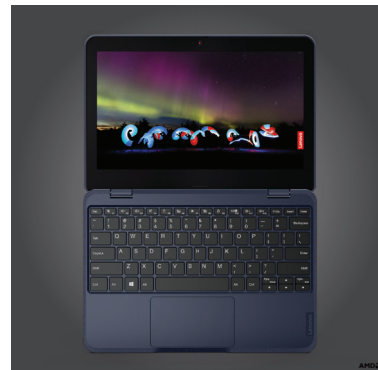

accessibility

Reading tools, available through Windows for Education, make it easy to highlight text, break down words, and read text aloud to help students of all learning abilities make the most of their lessons.

security

Physical security features, like a privacy shutter for the camera, combine with distance-learning software solutions to protect students, their data, and their devices.

*Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.
