

smartphone-like experience and optional Wi-Fi 6 support that enables faster, more secure connectivity. Plus, MIL-STD durability and an all-day battery make it ideal for mobile use.

REASONS TO BUY

Mobile workers will appreciate the impressive 85% screen-tobody ratio that enables a surprisingly large display in a small-form factor. The TUVcertified display with optional 100% RGB colour gamut provides comfort and accuracy when working with small text, graphics or video content.

There are plenty of ports onboard including the new Thunderbolt 4 port that enables simple, fast and intuitive connectivity to data, power and video through the widely accepted USB-C port.

A Touch Fingerprint Reader integrated on the power button lets users power on and log in with just a touch while preventing unauthorized access to the system.

ThinkBook combines the style and user experience of consumer devices with the security and businessclass support of ThinkPad.

ThinkBook 14 G3 ITL
