

# Back to school

## SECURING REMOTE AND HYBRID LEARNING ENVIRONMENTS

### Teachers and students aren't the only ones getting ready for "back to school."

Hackers are getting ready to exploit the security vulnerabilities presented by last year's rapid shift to remote learning — and the hybrid learning models going forward.

**4.8M**

education devices recently encountered malware over a period of only 30 days.<sup>1</sup>

It's no surprise that **cybersecurity is the #1 priority** for education IT leaders.<sup>2</sup>

The median amount of money stolen from school administrative staff and vendors in spear-phishing attacks is **\$2 million** per incident.<sup>2</sup>

**54%**

of education IT administrators know employees are using unknown or unapproved cloud apps.<sup>3</sup>

**2019**

**2020**

Cyberincidents in K-12 education were up 18% in 2020 compared to the previous year.<sup>4</sup>

Lenovo has the solutions to keep **your staff and students safe.**

ThinkShield is a seamless end-to-end portfolio of multilayered **endpoint security solutions** built into Lenovo devices powered by the Intel vPro® platform.

It's fully **customizable and protects the full lifecycle of assets**, from development through deployment to reclamation.

#### Better together

In addition to built-in self-healing BIOS and a secure component supply chain, **our education security solution includes best-of-breed solutions from key security partners:**

**Absolute.\*** Get endpoint security to track, control, protect, and reclaim distributed devices.

**SentinelOne.\*** Significantly shrink the time it takes to detect, contain, and eradicate cybersecurity threats with next-gen antivirus.

**Lightspeed Filter.** Filters content and safeguards students with comprehensive activity reporting.

**Make sure your students and staff are properly protected against evolving threats — wherever learning takes place.**

Get the most comprehensive protection with a modern Windows 10 Pro device powered by the Intel vPro® platform that delivers business-class performance for the classroom.
