LENOVO ESPORTS

# AtHome Client

The AtHome Client allows your gaming community to connect together online. Players participate against players and other communities globally for prizes. Congregate together during social distancing.

## EASY TO SETUP

- Cloud-based service, no technical expertise needed
- Players download from your branded landing page
- Customize the interface with your brand
- Easy to sign up, log in, and play

Branded User Landing Page

AtHome Client

Weekly Player Leaderboards

### AUTOMATED EVENTS & COMPETITIONS
