

# Education software portfolios

Smarter  
technology  
for all

Lenovo

Schools across the globe experienced a digital transformation as students and teachers rapidly shifted to remote and hybrid learning. Lenovo was there to support educators and learners every step of the way with innovative software for instruction, classroom management, and safety & security. And we will continue to lead the way as schools evolve their classrooms for the challenges ahead.

Lenovo's education software portfolio addresses the needs of IT admins, educators, and students working anytime, anywhere to ensure a seamless experience.

## CYBERSECURITY & STUDENT SAFETY

Track, assess, and protect remote devices 24/7.

- Content Filtering
- Student Safety
- Next-gen Anti-Virus
- Device Security

## CLASSROOM MANAGEMENT

Manage live class sessions effectively with tools to share and filter content.

- Screen Monitoring
- Device Management
- Collaboration Tools

## INSTRUCTIONAL RESOURCES

Engage students with robust learning options.

- Tech-Enabled Curriculum
- STEM & CTE Readiness
- Student Creation Tools
- Professional Development Webinars

Explore the key features of each software. Note: software can also be purchased a la carte.

PORTFOLIO	SOFTWARE	WHY?	KEY FEATURES
CyberSecurity & Student Safety	<b>ABSOLUTE</b> Endpoint Security	Track, control, protect & reclaim distributed devices.	<ul style="list-style-type: none"> <li>• Theft recovery</li> <li>• Geolocation &amp; geofencing</li> <li>• Device health monitoring</li> </ul>
