Introduction

Ensuring workplace efficiency with the right technology

With the right technology, employees are more empowered in their roles and can focus on meaningful work. With the right technology partner, so can IT leaders. Lenovo’s flexible, scalable, easy-to-deploy digital workplace solutions help accomplish your business goals while freeing up time for IT to focus on innovation and strategic priorities.

IT decision makers can choose the perfect device for each type of worker. Here you will find an overview of our Intel-based ThinkPad® family of products and how each ThinkPad caters to different workforce needs and preferences.

Four reasons to choose Lenovo:

- We Empower Transformation
- Pocket to Cloud
- Global Scale and Manufacturing
- Smarter Solutions

Hover over icons to discover more.
Workforce Types

- Ultra Mobile
- Hybrid
- In-Office Worker
- Creator/Power User
For the **ultra mobile** workers you need the lightest and thinnest ThinkPad that offers not only long battery life and portability but power that transforms with you.

Ideal for frequent travelers or remote workers who need to stay connected on the go.

---

**Lenovo ThinkPad X1 Yoga**

**Be part of the team, wherever you are**

It’s exciting to always be on the move—but staying connected to the office, and getting all your work done when you’re never staying still can be a challenge. Devices powered by the Intel® vPro® an Evo™ Design, offer the performance manageability, built-in security features, and stability for what IT users need, and users want.
Maximize Productivity for Your Ultra Mobile Worker

**Seamless Work Experience**

**Lenovo Precision Pen**

**Lenovo Premier Support**

**Processor**
Up to Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ i7

**Memory**
Up to 64GB LPDDR5

**Graphics**
Intel® Iris® Xe graphics

**Storage**
Up to 2TB Gen 4 performance PCIe NVMe SSD

**Premium Design and Performance**
The ThinkPad X1 Yoga has a highly durable aluminum chassis and a 360-degree hinge that allows you to change modes to suit your work style. It’s powered by the latest Intel processors for improved productivity.

**Efficiency Redefined**
Power through the most demanding work with up to 18.1 hours* of battery life and RapidCharge technology. Expand your device capabilities with versatile connectivity options.

**Advanced Security**
With ThinkShield security features, including a touch fingerprint reader in the Bluetooth keyboard and Privacy Alert to ward off shoulder surfers, plus Windows Hello and biometric unlock in every mode, the ThinkPad X1 Fold protects you from data thieves.
The **hybrid** worker needs a device with flexibility, durability, and performance. ThinkPad is the ideal choice for anyone who works from home, office, or anywhere in between.

Designed to withstand harsh conditions, offer long battery life, and deliver powerful performance for any task, ThinkPad has you covered. With ThinkPad, you can work smarter and faster in any environment.
Further enhancements address the critical needs of a hybrid workforce. Highlights include:

**Your Partner for Deeper Thinking**

Help your people think deeper, focus harder, and connect better from anywhere with these powerful, small, flexible devices. Featuring Intel vPro®, a Intel® Evo™ Design with 13th Gen Intel® Core™ i7 processors, with superior mobile features.

Further enhancements address the critical needs of a hybrid workforce. Highlights include:

**Premium Thinkpad Performance**
- Latest Intel Processors
- Faster Memory and Storage
- Windows 11 Pro
- Keyboard Design

**User Experience**
- Vivid Displays
- New 1.4μm Sensor
- Eyesafe Certified
- Dolby Suite

**Connectivity and Security**
- Wi-Fi 6E
- Computer Vision
- ThinkShield Firmware Resiliency 2.0
- Support Tile’s Full Suite

Lenovo ThinkPad X1 Carbon

The **In-Office Worker** needs a reliable and productive ThinkPad that offer fast performance, long battery life, robust security, and comfortable design.

ThinkPad laptops have powerful processors, smart security features, low blue-light displays, and fast SSDs that provide fast boot-up and data transfer speeds.

**In-Office Worker**

**Lenovo ThinkPad T14/T14s**

**A Truly Personal Computer**

Designed to give you more freedom and flexibility in the office. The ThinkPad T14 has a sleek and lightweight body that makes it easy to carry around, and a larger screen with a 16:10 aspect ratio that lets you see more of your work.
Maximize Productivity for Your In-Office Worker

ThinkPad T14 is the perfect companion for on-site professionals with blazing-fast Intel® Wi-Fi 6/6E (Gig+) and 4G/LTE CAT20 connectivity options. It also comes with enhanced AI security features, such as PrivacyAlert with PrivacyGuard, to shield your screen from shoulder surfers for enhanced protection in crowded settings.

**Processor**
- Intel vPro® Enterprise with up to 13th Generation Intel® Core™ i7 vPro® U- and P-series Processors

**Memory**
- Up to 32GB LPDDR5x

**Graphics**
- Integrated Intel® Iris® Xe

**Storage**
- Up to 2TB PCIe Gen 4

**Power-Packed Performance**
**Enhanced User Experience**
**Built For Work and Play**
**Everywhere Connectivity**
**Smarter Security**
