

There's a **smarter** way forward.

Smarter
technology
for all

Lenovo

Teachers were already using innovative technology to spark learning in the classroom. Now, as educational settings are transitioning from onsite to being remote or a hybrid of both, it's vital to maintain connections and enable collaboration. What are you doing to prepare for the new learning landscape?

“School” has been redefined.

1.37 billion
students worldwide

1.37 billion students worldwide were learning from home in March 2020.

20%
of educational systems

20% of educational systems report a refocus on cost reduction. Technology helps schools remain agile, so these budgets must remain intact to support distance learning. (IDC)

183,000
education institutions

183,000 education institutions in **175** countries adopted Microsoft Teams for learning collaboration. (Microsoft)
