

ThinkSmart Edition Tiny

FOR INTEL UNITE® SOLUTION

As today's workforces find themselves connecting from many, varied locations, the need for fast, intuitive, and secure collaboration solutions is more immediate than ever. ThinkSmart Edition Tiny for Intel Unite® solution is an innovative, modular compute solution designed to help teams across large enterprises collaborate effortlessly and seamlessly. This Tiny PC enables multiple, simultaneous presenters to connect wirelessly using a wide variety of smartphones, laptops, and tablets, all from inside the meeting room.

This ThinkSmart Edition Tiny comes preloaded with Intel Unite® software, which provides a secure, open platform that makes content-sharing quick and easy for users no matter which UC platform they use. It essentially allows enterprises to put the hub of all connections into the meeting space itself, thereby achieving incredible connection speed and reliability. A combination of built-in Lenovo ThinkShield and Intel vPro® platform with Intel® Hardware Shield security features instill this PC with comprehensive security as well as proactive, remote manageability capabilities.

ThinkSmart Edition Tiny FOR INTEL UNITE® SOLUTION

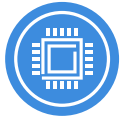

Built for Business

TRUE FLEXIBILITY

ThinkSmart Edition Tiny for Intel Unite® solution provides a dedicated compute for collaboration spaces that leverages a truly open platform and enables users to connect from all major devices, operating systems, and displays. The Intel Unite® app plugins work with all major UC platforms, including Skype for Business, Zoom, and WebEx. Plugins are also available to tie into existing tools and functionality, such as in-room controls, whiteboarding, and more.

STRONG PERFORMANCE

This ThinkSmart Edition Tiny boasts an Intel Core™ i5 vPro® processor running Intel Unite® software on Windows 10 20H1 IoT SAC, plus 8GB DDR4 memory and 256GB SSD storage. It also features the built-for-business Intel vPro® platform, which offers the assurance of getting everything users and IT need to facilitate collaboration productively, securely, and cost-effectively. And it's remotely manageable, like any other PC in your environment, with Intel® Active Management Technology.

OUTSTANDING PRODUCTIVITY

Time-saving features, like the ability to join a meeting, share files, and switch presenters with just one click, make this ThinkSmart Edition Tiny a smart addition to any modern collaboration space. Each display connected this Tiny PC can support up to four shared screens for maximum viewability and increased engagement from each participant.

SUPERIOR SECURITY

Employees can collaborate fearlessly knowing that all content shared through this ThinkSmart Edition Tiny is fully encrypted with 256-bit SSL and access codes that refresh frequently for added security. It's reinforced with ThinkShield, the most comprehensive, end-to-end security solution on the market that combines industry-leading hardware, software, services, and processes to protect your ideas and your business. Plus, this Tiny desktop leverages the Intel vPro® platform with Intel® Hardware Shield, which brings together the best of Intel innovations to accelerate business productivity, better safeguard data and assets, and offer long-term stability.

Lenovo

flexibility

This ThinkSmart Edition Tiny provides a truly open platform using Intel Unite® software to enable connectivity across all major devices, operating systems, and displays.

security

Trusted ThinkShield solutions combine with the built-for-business Intel vPro® platform with Intel® Hardware Shield for unmatched security to keep data and this device secure.

quality

Lenovo's dedication to product quality means rigorous testing for durability and reliability, which includes extensive in-house as well as MIL-STD testing.

optional services

Lenovo offers a comprehensive portfolio of services to support and protect your ThinkCentre investment—so you can focus on your work, not your IT.

PREMIER SUPPORT

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

ACCIDENTAL DAMAGE PROTECTION (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage.

WARRANTY EXTENSION (1-YEAR BASE, UP TO 3 YEARS TOTAL)

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your valuable investment, and lower the cost of ownership over time.

accessories

THINKCENTRE TINY VESA MOUNT II

The ThinkCentre Tiny VESA Mount II is uniquely designed to house the Tiny PC. This versatile mount device can be used separately or combined with other options for a secure mounting functionality.

THINKCENTRE TINY SANDWICH KIT II

The Tiny Sandwich Kit II is a mechanical bracket that enables more desktop and floor space while providing a secure solution to protect your Tiny PC. This attractive space-saving solution is constructed of high-grade steel and mounts easily. The open architecture provides easy access to various ports and control buttons of your ThinkCentre Tiny PC.

THINKCENTRE TINY IV DVD BURNER KIT

The ThinkCentre Tiny IV DVD Burner Kit provides excellent read/write capabilities using SATA interfaces for speedy execution. You just need to insert this DVD Burner to the VESA Mount to enjoy crisp, clear DVD playback and reliable DVD recording with your ThinkCentre Tiny DVD solution.
