

Lenovo 300w GEN 3

The Lenovo 300w Gen 3 boosts power and productivity to drive learning in any environment. Built on the familiar Windows 10 platform and packed with the latest AMD® 3015e processors with integrated AMD Radeon™ graphics, the Lenovo 300w Gen 3 creates an interactive learning experience in the classroom and beyond. It also boasts the rugged durability you've come to expect from Lenovo plus robust security features and simplified device management.

This state-of-the-art learning machine is built for the future of education with features that include a 360-degree Sync hinge, an optional 5MP world-facing camera, an optional AES garaged pen, plus a touch display with Pencil Touch technology. All-new Wi-Fi 6 capability means students can now enjoy faster connectivity while watching lessons, connecting virtually with classmates, and uploading their latest creation, and 4G/LTE keeps teachers and students connected in a world beyond Wi-Fi.

Lenovo 300w GEN 3

FUTURE-READY FEATURES

The Lenovo 300w Gen 3 combines the familiar Windows 10 platform with the latest AMD* processors. Its 360-degree Sync hinge allows students and teachers to transition seamlessly between use modes for reading, writing, drawing, typing, content creation, and presentation. New Wi-Fi 6 and optional 4G/LTE connectivity keep everyone connected in the classroom and beyond.

UNINTERRUPTED LEARNING

In addition to a variety of ports and a battery that lasts 10 hours* on one charge, the Lenovo 300w Gen 3 features a 720p HD front-facing and optional 5MP world-facing camera that turns any classroom into an interactive learning environment and ensures that class continues as scheduled even if students and teachers are connecting from home.

INTERACTIVE DISPLAY

Tap, scroll, and swipe with a finger on the Lenovo 300w Gen 3's 11.6-inch, touch display. Or use a common No. 2 pencil to interact directly and safely with the screen without fear of scratches. This Pencil Touch technology is ideal for taking tests, drawing, and notetaking because it's more accurate than using a finger. Or use the optional garaged AES stylus located just inside for more precise content creation. Schools don't have to worry about scratches on the displays—this one's made from tough-as-nails CORNING* GORILLA* GLASS.

EXTREME SECURITY

The Lenovo 300w Gen 3 is protected by multiple built-in security solutions. In addition to Windows 10 security features that protect the device from unauthorized use and Lenovo security features, such as a camera privacy shutter, the Lenovo 300w Gen 3 comes with AMD* Memory Guard, which provides full memory encryption to help protect sensitive student data if the device is ever lost or stolen.

TOUGH TECHNOLOGY

Designed to MIL-SPEC-810H and Lenovo EDU Spec standards, the Lenovo 300w Gen 3 is built to withstand the scrapes, slips, and spills of a typical school day—whether in the classroom or at the kitchen table. This device features a drop-resistant design, improved water-resistant keyboard (now, up to 360 ml), improved mechanically-anchored keys, and reinforced 360-degree Sync hinge.

Lenovo

performance

The Lenovo 300w Gen 3 features an AMD 3015e processor, up to 128GB internal storage, and AMD Radeon™ integrated graphics.

productivity

With 10 hours* of battery life, the Lenovo 300w Gen 3 easily keeps up with a full day of learning, with energy to spare.

connectivity

Wi-Fi 6 provides the connection speed needed for streaming and fast downloads, while optional 4G/LTE offers a continuous connection—even in areas without Wi-Fi.

*Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.

optional services

Lenovo offers a comprehensive portfolio of services to support and protect your investment—so you can focus on education, not IT.

WINDOWS FOR EDUCATION

Microsoft Learning Tools apply proven techniques to improve reading and writing skills for students of all ages and abilities. Personalized learning tools, Teams integration, and Flipgrid video sharing allow teachers to educate students whenever, and wherever.

PREMIER SUPPORT

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

ACCIDENTAL DAMAGE PROTECTION (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

ONSITE WARRANTY

Ensures covered upgrades will be addressed by the next business day. This convenient service keeps your machines and data on school grounds throughout the repair.

ASSET RECOVERY SERVICES - CERTIFIED EOL ASSET DISPOSAL

Helps you mitigate the environmental and data security risks associated with disposing of old assets, including competitors' products.

accessories

THINKPAD 12-INCH SLEEVE

This fitted sleeve is designed to fit the most recent generation of 12-inch notebooks. It helps to protect the device from dust, shocks, scrapes, and scratches for superior PC protection. The slim, lightweight design also stows easily in a larger bag.

LENOVO USB-C 7-IN-1 HUB

Sleek and compact, this USB-C hub offers one-stop docking with up to seven options. Easily connect to an external 4K display with HDMI and up to three USB-A devices. There are also two SD/TF card readers and USB-C power pass-through.

THINKPAD BLUETOOTH SILENT MOUSE

This mouse features a low-profile, minimalist design, silent buttons, and a blue optical sensor that allows you to work on most surfaces. Effortlessly pair with up to two devices at once and quickly switch between them with the push of a button, thanks to Bluetooth 5.0 and Microsoft Swift Pair technology.

LENOVO 100 STEREO USB HEADSET

This stereo headset features a rotatable boom microphone and passive noise cancellation for clear audio. It is lightweight for all-day wear with comfortable leather and memory-form earcups.
