

# ThinkPad L13 Yoga Gen 3

ThinkPad L13 Yoga Gen 3 helps students power through daily lessons and projects with its new 16:10 aspect ratio displays and 83.5% screen-to-body ratio ideal for the demands of today's hybrid learning environment. Powered by up to AMD Ryzen™ 5000 PRO series processors, this compact multimode device is even thinner and lighter for improved portability and includes components constructed with PCC recycled plastic for enhanced sustainability.

Gigabit Internet access goes wherever ThinkPad L13 Yoga Gen 3 does, thanks to new wireless connectivity options, including Wi-Fi 6E and LTE CAT16 and CAT4 WWAN. In addition to built-in ThinkShield and AMD platform security that keeps devices, students, and data secure, ThinkPad L13 Yoga Gen 3 also features a Power-on Touch Fingerprint Reader and enhanced AI security that includes a PrivacyGuard display option for better protection against shoulder surfers in crowded settings.

## POWERFUL PERFORMANCE

More than just versatile, ThinkPad L13 Yoga Gen 3 is also powerful enough to take on demanding workloads with ease. It features the new Windows 11 Pro as well as the latest AMD Ryzen™ 5000 PRO series processors, up to 32GB DDR4 memory, and up to 1TB PCIe Gen 4 storage.

## IMPROVED USER EXPERIENCE

With higher resolution, 16:10 aspect ratio display options and AMD Radeon™ graphics, ThinkPad L13 Yoga Gen 3 gives students a more expansive, immersive viewing experience. Dolby® Audio™ with new Dolby® Voice AI noise suppression technology couples with a new FHD camera option to make remote learning and group collaboration crisp and clear.

## GO-ANYWHERE LEARNING

ThinkPad L13 Yoga Gen 3 keeps students connected to accessories, monitors, and more with a wide array of ports, including USB-C 3.2 Gen 2, while Wi-Fi 6E and LTE CAT16 and CAT4 capabilities provide blazing-fast Gigabit Internet speeds wherever learning happens.

## SMARTER SECURITY

Secured-core PC enabled and protected by a comprehensive suite of built-in ThinkShield security solutions, including enterprise-level biometrics and a new Power-on Touch Fingerprint Reader, ThinkPad L13 Yoga Gen 3 also features hardware-based AMD platform security to help protect students against the latest evolving threats.

## sustainability

ThinkPad L13 Yoga Gen 3 uses 90% recycled and/or sustainable packaging<sup>1</sup>, as well as PCC recycled material for the battery brackets, speaker enclosures, and AC adaptors. All Lenovo devices are manufactured using low-temperature solder for reduced emissions. And by 2025, Lenovo aims to obtain 90% of electricity for global operations from renewable sources and remove one million tons of greenhouse gas emissions from the supply chain.

## security

An optional FHD + IR Hybrid camera and new PrivacyGuard display option combine with enhanced ThinkShield solutions and AMD platform security for enterprise-class protection.

## interactivity

With its 360-degree hinge, ThinkPad L13 Yoga Gen 3 moves seamlessly between laptop, tablet, tent, and stand modes, while its WUXGA IPS Touch display responds to the touch of a finger or more precise movements of its optional integrated pen.

<sup>1</sup>Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material.

## Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

### PREMIER SUPPORT

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

### BULK PACKAGING SERVICE

Bulk Packaging is an environmental packaging solution designed for multiple product types. Each package contains multiples of one like-type product to minimize the amount of material used without jeopardizing the integrity of packaging necessary to protect product in shipping process.

### CO<sub>2</sub> OFFSET SERVICE

As an option with the hardware purchase, the Lenovo CO<sub>2</sub> Offset Service gives customers a simple and transparent way to give back to the environment by helping them offset the carbon emissions associated with their Lenovo PC. With it, Lenovo has calculated the carbon emissions of its PCs across their lifecycle, from manufacture and shipment, all the way through usage and disposal. Carbon offset credits are later purchased based on the calculated emissions of the specific device, and Lenovo's carbon offset partner contributes them to one of several United Nations Climate Action projects.

## Accessories

### ThinkPad Universal USB-C Dock

Advanced, universally compatible one-cable docking solution with vast array of ports, next-gen plug and play functionality, and rapid charging capabilities.

PN: 40AY0090US

### Lenovo Professional Wireless Keyboard & Mouse Combo

Slim, wireless keyboard with responsive key feeling, adjustable tilt leg, numeric keypad, and spill resistant design. Full-size wireless ambidextrous mouse features five button design for four-way scrolling. Connect both using only one nano USB wireless receiver.

PN: Varies by country

### Lenovo 100 Stereo USB Headset

This lightweight stereo headset features a rotatable boom mic and passive noise cancellation for clear audio on VoIP calls. Earcups are made from leather and memory-foam.
