

ThinkPad L14 Gen 3

The affordable, dependable laptop of choice for students, educators, and administrators is newly refined and more powerful and sustainable than ever. With a modernized form factor that houses the latest AMD Ryzen™ 5000 PRO series processors, AMD Radeon™ graphics, plus an optional 63 Whr battery for true all-day power, ThinkPad L14 Gen 3 is a high-performing partner for learning from anywhere. Plus, it is more environmentally responsible than ever thanks to Lenovo's reduced-emissions manufacturing process and packaging with 90% recycled and/or sustainable materials.

ThinkPad L14 Gen 3 is thinner and lighter than previous generations with a 81.8% screen-to-body ratio. It also offers new features to improve user experience in today's world of hybrid learning, including an optional FHD camera and Dolby® Voice AI noise suppression technology for better remote learning and expanded Wi-Fi and WWAN connectivity capabilities for access to Gigabit Internet speed in any location.

In addition to built-in ThinkShield and AMD platform security that keeps devices, users, and data secure, ThinkPad L14 Gen 3 is secured-core PC enabled and includes a new Power-on Touch Fingerprint Reader and ePrivacy with PrivacyGuard display option to enhance protection.

ThinkPad L14 Gen 3

POWER-PACKED PERFORMANCE

Featuring the new Windows 11 Pro OS, ThinkPad L14 Gen 3 powers through heavy workloads with the latest AMD Ryzen™ 5000 PRO series processors, up to 64GB DDR4 memory, and up to 1TB of Gen 4 PCIe storage. Powerful integrated AMD Radeon™ graphics ensure this device is ready to bring student creativity to life.

IMPROVED USER EXPERIENCE

ThinkPad L14 Gen 3 includes several new features, such as optional FHD camera, user-facing speaker system with Dolby® Audio™, and Dolby® Voice AI noise suppression technology, that improve the user experience when learning and collaborating virtually.

DIGITAL WELLNESS

ThinkPad L14 Gen 3 helps keep users healthy and productive with the addition of Glance software, which supports wellness with a posture alert and reminders every 20 minutes to look away at something 20 feet away for 20 seconds to allow the user's eyes to refocus and alleviate fatigue.

EVERYWHERE LEARNING

Whether learning in the classroom or at the kitchen table, ThinkPad L14 Gen 3 keeps students connected to docks, external drives, monitors, and more through a wide array of ports. Combine that with Wi-Fi 6E and up to 4G LTE CAT16 WWAN connectivity for access to Gigabit Internet speeds wherever class is in session.

SMARTER SECURITY

This secured-core PC features enhanced built-in ThinkShield security solutions combined with AMD's multi-layered security for protection against the latest evolving threats. There's also a PrivacyGuard display option to prevent would-be data thieves from seeing sensitive information on screen.

*Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material.

sustainability

ThinkPad L14 Gen 3 uses 90% recycled and/or sustainable packaging¹, as well as PCC recycled material for the battery brackets, speaker enclosures, and AC adaptors. All Lenovo devices are manufactured using low-temperature solder for reduced emissions. And by 2025, Lenovo aims to obtain 90% of electricity for global operations from renewable sources and remove one million tons of greenhouse gas emissions from the supply chain.

power

ThinkPad L14 Gen 3 offers true all-day battery life with scalable battery charger adapter options—42 Whr, 57 Whr, and 63 Whr. RapidCharge is also available with 65W adaptor for a 0-80% charge in just 60 minutes.

security

An optional FHD + IR Hybrid camera and new Power-on Touch Fingerprint Reader combine with enhanced ThinkShield solutions and AMD platform security features for enterprise-class protection.

ThinkPad L14 Gen 3

Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

PREMIER SUPPORT

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

BULK PACKAGING SERVICE

Bulk Packaging is an environmental packaging solution designed for multiple product types. Each package contains multiples of one like-type product to minimize the amount of material used without jeopardizing the integrity of packaging necessary to protect product in shipping process.

CO₂ OFFSET SERVICE

As an option with the hardware purchase, the Lenovo CO₂ Offset Service gives customers a simple and transparent way to give back to the environment by helping them offset the carbon emissions associated with their Lenovo PC. With it, Lenovo has calculated the carbon emissions of its PCs across their lifecycle, from manufacture and shipment, all the way through usage and disposal. Carbon offset credits are later purchased based on the calculated emissions of the specific device, and Lenovo's carbon offset partner contributes them to one of several United Nations Climate Action projects.

Accessories

ThinkPad Universal USB-C Dock

Advanced, universally compatible one-cable docking solution with vast array of ports, next-gen plug and play functionality, and rapid charging capabilities.

PN: 40AY0090US

Lenovo Professional Wireless Keyboard & Mouse Combo

Slim, wireless keyboard with responsive key feeling, adjustable tilt leg, numeric keypad, and spill resistant design. Full-size wireless ambidextrous mouse features five button design for four-way scrolling. Connect both using only one nano USB wireless receiver.
