

## Lenovo ThinkVision E22-30 Monitor

# Power productivity with exceptional viewing comfort.

### Productivity gets a dazzling display

- This 21.5-inch, 3-side NearEdgeless FHD monitor delivers a distraction-free view with exceptional visual clarity.
- In-Plane Switching powers a sharper, more accurate display, while a wide viewing angle (H/V 178°/ 178°) ensures clear views from any direction.
- 99% sRGB displays vivid images, 75Hz refresh rate delivers fluid smooth video play, and a 1000:1 contrast ratio powers brighter whites and darker blacks.
- Natural Low Blue Light technology cares for your vision, without color distortion.

### Eco-friendly design and clever ergonomics for improved efficiency

- While the LTPS (Lift, Tilt, Pivot, Swivel) Tiny-supported stand enhances seating and viewing comfort, you can also VESA (100 x 100) mount the monitor.
- Enjoy a better user experience with joystick control while optimized cable management keeps your desk clutter-free.
- Recyclable paper/pulp cushion packaging and eco-friendly design meets TCO the leading sustainability certification.

### Built-in features to power the workday

- VGA, HDMI 1.4, and DP 1.2 ports ensure you can plug in and perform at your best.
- The 2 x 2W built-in speakers deliver crystal-clear audio.

## Lenovo ThinkVision E24q-30 Monitor

# Excellent display for great productivity.

### Brilliant crystal-clear display

- See every detail on the 23.8-inch, 3-side NearEdgeless distraction-free display, enhanced by QHD that supports 1.77 times of pixels than FHD for incredible clarity.
- Experience exceptionally clear views with In-Plane Switching, get distortion-free views from any side via the wide viewing angle (H/V 178°/ 178°).
- Brilliant vivid images shine with 99% sRGB, smooth and fluid video flows with a 100Hz refresh rate, and contrasts become richer with 1300:1 contrast ratio.
- Beat visual fatigue and protect your eyes with Natural Low Blue Light technology that won't distort color.

### Exceptional ergonomics and eco-friendly design

- VESA mount it for convenience or let the Tiny-supported LTPS (Lift, Tilt, Pivot, Swivel) stand enhance your seating and viewing comfort.
- Designed for a better user experience, work flows smooth and swift with joystick control and optimized cable management for a clean desk.
- Power your eco-friendly actions with its recyclable paper/pulp cushion packaging and sustainable world-leading TCO and eco-design.

### Power your workday, plug-in and play

- HDMI 2.0 and DP 1.2 ports ensure seamless efficiency.
- 2 x 2W built-in speakers deliver exceptional audio clarity.

# ThinkVision E27q

## Enrich Every Workday

### CLASS, COMFORT, AND CLARITY DELIVERED

A desktop monitor is an important device for most modern office goers, freelancers, work-from-home staffers, and emerging creatives. This workforce demands quality display output where high resolution, color accuracy, and ergonomics are vital to working comfortably and efficiently wherever they are. ThinkVision E27q-20 comes equipped with a QHD panel, rated for 99% sRGB, built ergonomically, and is a smart choice that is within reach of most small businesses and freelance creatives like photographers and designers.

### FEATURES OF THINKVISION E27q-20 MONITOR

#### Outstanding Picture Clarity

Purposefully-designed, the E27q brings users precisely what is needed. With 1.77 times more pixels than FHD, the QHD display offers more details to users working on spreadsheets and datasets, so every dot and dash are clear. The In-Plane Switching panel delivers wide viewing angles, and there is no fade-out when seen from either side. The display covers 99% of the sRGB color gamut, so even entry-level creatives can get accurate color when editing images and videos. 3-side NearEdgeless bezels look modern and aid in creating seamless multi-monitor setups.

#### Inherent Utilitarian Convenience

The E27q comes loaded with features that maximize productivity for professionals. Mounting options for selected ThinkCentre Tiny and Nano PCs with a VESA bracket make it possible to reduce desktop clutter by placing them directly on the monitor. Multiple ports offer flexibility—HDMI is a well-rounded option for carrying video and sound, while DP is the port of choice for creatives. An Audio Out jack and built-in speakers make meetings and media consumption engaging.

#### Prioritizing User Comfort

Work from home or the office is physically comfortable for E27q users. Its ergonomic stand offers the flexibility for a full range of motion in the lift, tilt, pivot, and  $-360^{\circ}/360^{\circ}$  swivel axes and lets users create a setup that suits them. The display panel also comes with Low Blue Light technology that blocks harmful blue light radiation without compromising color output. Moreover, it comes with TÜV Rheinland Flicker Free, Eyesafe certification and TÜV Rheinland Eye Comfort certifications for maximized eye protection. Together, this is a monitor that is excellent to use, day or night.
