

Lenovo ThinkVision S22i-30 Monitor

Made for the modern workplace.

So clear, you can see the difference

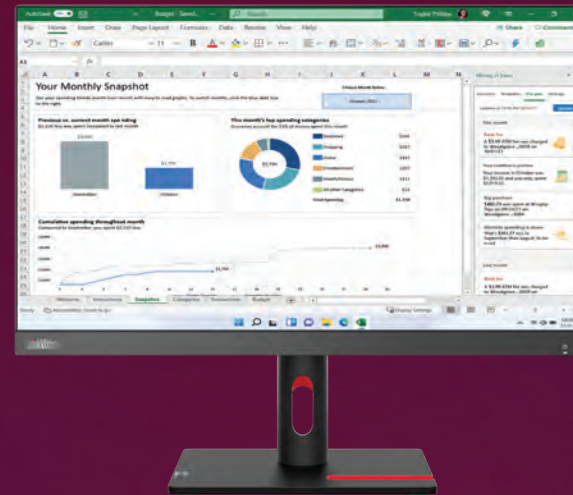

- See all your documents and spreadsheets in high detail on the ThinkVision S22i-30 with its 21.5-inch FHD screen.
- Easily collaborate with your team using the In-Plane Switching (IPS) display's wide-viewing angles.
- Work content looks rich and smooth with the monitor's 99% sRGB color space coverage, 1000:1 contrast ratio, and 75 Hz refresh rate.
- Leverage our Natural Low Blue Light technology to reduce eye strain without experiencing any color distortion.

Professionally designed for professional work

- Add to your desk's aesthetic with ThinkVision S22i-30's slim, 3-side NearEdgeless design and upgraded cable management.
- Enjoy a modern work experience with the integrated flexible phone holder and joystick control to change monitor settings.
- Keep up with all professional commitments while doing your part for the environment with the monitor's recyclable cushion packaging.

Ample connectivity that powers productivity

- Connecting to any input device becomes hassle-free with the availability of both VGA and HDMI ports.
- Experience higher flexibility with the monitor's VESA compatibility.
- Adjusting the monitor to suit your ergonomics becomes simpler with the easy-to-assemble tilt stand.

ThinkVision S24i-30 Monitor

Smarter
technology
for all

Perfectly practical and productive.

Stylish design that enhances workplace aesthetics.

The ThinkVision S24i-30 Monitor is easily the most practical choice to carry out daily office-related tasks. Its 23.8-inch In-Plane Switching screen displays rich delightful colors and clarity with Full-HD 1920 x 1080 resolution. A 99% sRGB color gamut offers you consistent colors and sharper images no matter the viewing angles. In a brand new, stylish, and sophisticated Storm Grey color, this monitor is a treat for the eyes. Its borderless design affords a distraction-free viewing experience both in a single and multi-system setup. The ThinkVision S24i-30 Monitor is perfect if your daily work requires sifting through data dashboards, forms, electronic contracts, and PowerPoint presentations. Built-in Natural Low Blue Light technology filters out harmful blue light without affecting the picture quality to support extended screen time while reducing eye strain. A good selection of ports including HDMI, VGA, and audio out ensures easy connections with accessories so that you get all the tools you need for your work. Comfort is part of the package with the monitor's tilt functionality that allows you to adjust the screen to suit your posture. You can also VESA-mount it to suit your preferred viewing position. The monitor's stand features a built-in phone rack and cable management clips, to give you a clutter-free desktop and more space. A nifty joystick on the monitor enables you to easily navigate and change the display characteristics as per your preference. But best of all, the ThinkVision S24i-30 is in tune with the latest TCO 9.0 regulations and comes in green packaging, making it safe for the environment and you.

Features of ThinkVision S24i-30 Monitor

A treat for the eyes

The ThinkVision S24i-30 Monitor's 23.8-inch 3-side NearEdgeless In-Plane Switching screen offers a distraction-free view. 1920 x 1080 resolution, 99% sRGB color gamut delivers superb clarity with consistent color and clarity across wide viewing angles. With built-in Natural Low Blue Light technology, the monitor filters out harmful blue light emissions to protect your eyes and reduce strain, without affecting the picture quality.

Hassle-free work set-up

Easy to set up and manage, the ThinkVision S24i-30 Monitor will have you up and running in no time. A host of connectivity features including HDMI, VGA, and audio out ports help you plug in and connect easily to other devices and speakers or headphones. A VESA mount frees up your desktop and affords an optional viewing position. Thanks to a quick assemble and release button, the ThinkVision S24i-30 Monitor is designed to be easy to use.

Stylish and eco-friendly

Great to look at, the ThinkVision S24i-30 Monitor's Storm Grey color and ultra-slim design is crafted to impress. More than just stylish, the ThinkVision S24i-30 Monitor is designed to care for you and the environment. It is compliant with TCO 9.0 regulation for sustainability and comes in green recyclable cushion packaging that benefits the environment.

ThinkVision S27i-30 Monitor

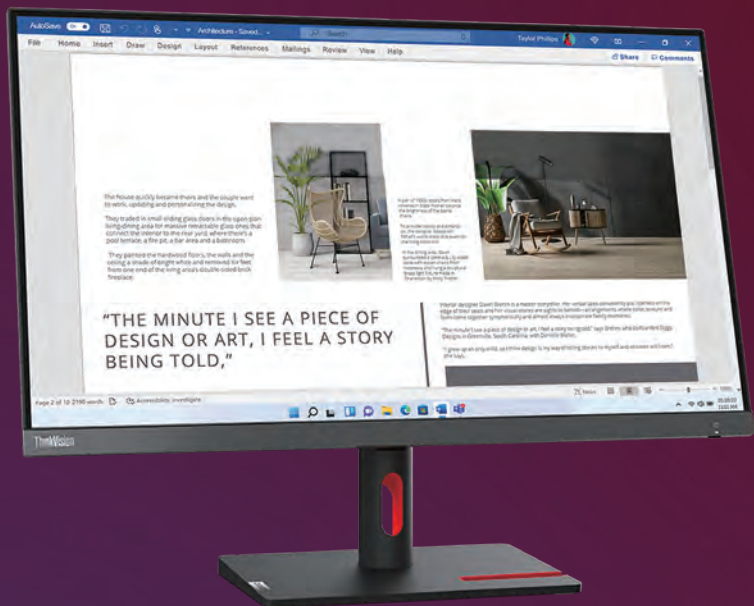

Smarter
technology
for all

Lenovo

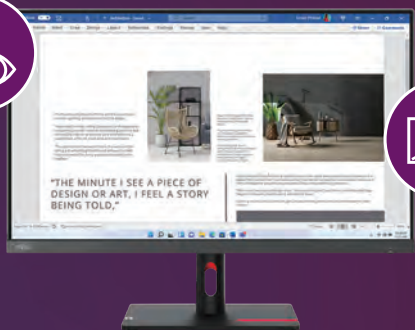

Made for the modern workplace.

Designed to enhance productivity.

The ThinkVision S27i-30 is an impressive monitor replete with features that make it a perfect fit no matter what your work involves. Designed to look as impressive as it works, this monitor comes in a Storm Grey color that enhances workplace aesthetics. Its 27-inch In-Plane Switching screen packs 1920 x 1080 Full-HD resolution that offers excellent image quality and clear details at wider viewing angles that's especially beneficial when you're navigating information-rich documents. A 3-side NearEdgeless design affords plenty of screen space and it is perfect for multi-display setups. Enjoy vivid colors while viewing pie charts, analytics dashboards, or editing images with the monitor's wide 99% sRGB color gamut. Its Natural Low Blue Light technology cares for your eyes by filtering out harmful blue light, offering you longer productive hours. Generous connectivity options include two HDMI 1.4 ports, a VGA port, and an audio-out port. The stand of the monitor offers excellent tilt functionality that lets you adjust it for a more comfortable working posture. But if you want to free more space on your desk, you can also VESA mount it. The ThinkVision S27i-30 Monitor helps you cut the clutter and increase desktop space with its compact stand and concise cable management system. An intuitive joystick on the monitor gives you easy and quick access to calibrate display settings to your preference. The ThinkVision S27i-30 Monitor is manufactured in accordance with the latest TCO 9.0 regulations and uses a recyclable cushion for packaging that benefits the environment.

Features of ThinkVision S27i-30 Monitor

Renders rich visuals, reduces eye strain

The ThinkVision S27i-30 Monitor hits the sweet spot when it comes to screen real estate. Its 27-inch, 1920 x 1080 Full-HD In-Plane Switching screen, with 3-side thin bezels, offers you an expansive view of the content on display, irrespective of your viewing angle. Experience vivid imagery with its wide 99% sRGB color gamut. Built-in Natural Low Blue Light technology cuts out harmful blue light emissions to reduce visual strain so you can sit back and enjoy its visual mastery.

Built for work comfort

The ThinkVision S27i-30 Monitor's diverse connectivity options include two HDMI 1.4 ports, and a VGA port to plug in your keyboard, mouse, and external storage devices. The monitor adapts well to your comfort with its tilt functionality. You can also VESA mount it to free up precious desk space. An easy assemble and quick release button ensures the ThinkVision S27i-30 Monitor is easy to set up and manage as well.

Easy on your eyes and the environment

Elevate your workplace aesthetics with the monitor's eye-catching Storm Grey color and ultra-slim design that makes it a delight for the eyes. Equal care has been taken to make the monitor eco-friendly. It is compliant with the latest TCO 9.0 regulation, the most comprehensive sustainability certification for IT products. In addition, the ThinkVision S27i-30 Monitor comes in recyclable cushion packaging that helps reduce its carbon footprint.
