Smarter technology for all

Instorescreen Displays

Partnership Portfolio OEM Solutions
Instorescreen
Core Principles

Unmatched reliability & durability
HIGH QUALITY, DURABLE, COMMERCIAL GRADE SOLUTIONS MADE IN-HOUSE FROM QUALITY COMPONENTS

Purposeful design
PURPOSE-BUILT DIGITAL SIGNAGE AND TOUCH SCREENS DESIGNED FOR THE BEST USER EXPERIENCE.

Lenovo preferred partners
TRUSTED AND TESTED TO MEET LENOVO’S HIGH STANDARDS FOR SOLUTION PARTNERSHIP

Long lifecycle
3-5 YEAR LIFECYCLE AND PRODUCT TRANSITION MANAGEMENT FOR PREDICTIVE LIFECYCLE STABILITY
Customer Pain Points

Instorescreen products address a variety of issues that retail customers have with other screen options and providers.

01. Cheaper retail solutions end up costing too much long-term

02. Supply chain availability

03. Touch point cleanliness

04. Other solutions take too long to ROI

05. Poor reliability & inconsistent screen quality

06. Lack of industry expertise & ability to address complex solution needs
Touch Screens

Touch enabled displays for Kiosk, POS, wayfinding and Interactive signage.

Custom

Custom displays and All-in-one solutions for unique project-based requirements.

Digital Signage

Smart Retail 2.0 digital signage enhances customer experiences in Retail, Workspaces and Hospitality.

Why Instorescreen’s Digital Displays?

Meaningful Design, Customer ROI and Longevity are top priority.

- Daisy Chain content across multiple screens
- One compute delivers content to upwards of 100+ displays
- Reduction in hidden cost:
  - WIFI touchpoints are reduced by the number of computes delivering content.*
  - Lower software complexity and license fee.**
- Top-Grade LCDs components:
  - Consistent brightness and colors
  - Longest life LCDs available
- Aluminum chassis and hardened glass for longevity and effortless cleaning***.
- Scalable business model with noticeable ROI

Bringing Durability, Quality, and Style to consumers across multiple industries

* Competitive displays use built-in Android to drive connectivity, each requiring a separate WIFI touchpoint.
** This is a per-device (touchpoint) statement. The fees are typically tied to each device running the content.
*** No proprietary cleaning solutions necessary.
