For the modern workforce, whether they’re in healthcare settings, at corporate offices, or at points of sale (POS), productivity must align with space-saving efficiency and uncompromised user experience. The latest compact Lenovo ThinkCentre M75q Gen 5 Tiny Desktop enables your big ideas to come to life. With up to AMD Ryzen™ 7 PRO 8700GE desktop processor for the best compute experience at the lowest power possible, this high-performing 1-liter desktop can fit—or hide—almost anywhere.

Customize this essential business workhorse to meet your distinctive needs, with 7 USB native support and hybrid storage boasting two Gen 4 SSD. Plus, AMD PRO technologies give users access to state-of-the-art security, manageability, and business-ready features. And when bundled with Lenovo ThinkCentre Tiny-in-One (TIO), this Tiny device offers even greater value and more cost-effective upgrade options.
Lenovo ThinkCentre
M75q Gen 5

**FULL-SIZE PERFORMANCE**
This Tiny desktop boasts huge productivity thanks to the AMD Ryzen™ 7 PRO 8700GE desktop processor, engineered to outperform, with up to 8 “Zen 4” cores and super-fast integrated graphics with AMD RDNA™ 3 technology. This Lenovo ThinkCentre also features dual-channel DDR5 SODIMM (5200MHz) and a flex IO punch-out that allows users to configure it to meet their needs. Connecting everything from industry-specific equipment to legacy peripherals, this desktop is designed to grow with your business. To ensure IT readiness from day one, Lenovo Deployment Services provide a flexible and efficient experience across the organization.

**CONFIDENT SECURITY**
The powerful Tiny allows your employees to innovate fearlessly with the reinforced security of ThinkShield, the most comprehensive, end-to-end security solution on the market that combines industry-leading hardware, software, services, and processes to protect your ideas and your business. Plus, AMD PRO Security delivers enterprise-grade threat protection with features such as AMD Shadow Stack to help mitigate malware attack and AMD Memory Guard, which enables full memory encryption to help protect sensitive data. A Kensington™ Cable Lock slot also prevents physical data and device theft.

**COMPREHENSIVE MANAGEABILITY**
This powerhouse PC is easy to deploy, upgrade, and manage, thanks to built-in driver support for older OS versions. Toolless access to the SSD and memory module make expansion and maintenance fast and efficient. In addition, AMD PRO manageability offers a robust set of manageability tools for simplified deployment and management that is compatible with current infrastructure. AMD business ready ensures every AMD Ryzen™ PRO desktop platform delivers enterprise-grade quality, reliability, and longevity for the ultimate business experience. Looking for flexible support? With Premier Support Plus, Lenovo engineers are available 24/7/365 for the ultimate IT support experience.

**EXCEPTIONAL USER EXPERIENCE**
The sleek, modern design and compact 1L form allow this Tiny PC to fit seamlessly into modern offices, healthcare, finance, or retail environments, either sitting out, mounted out of the away, or bundled with Tiny-in-One (TIO). Users can connect this Lenovo ThinkCentre to as many as three displays for maximum multitasking, while a USB-C port located on the front panel offers fast charging and quick data sharing. Plus, Modern Standby provides instant-on capability while saving power. With our Sustainability Services, Lenovo embeds sustainability into every stage of the device lifecycle, from design and manufacturing to use and return.
Lenovo ThinkCentre M75q Gen 5

Lenovo Services
Lenovo offers support for your ThinkCentre devices, as well as your commitment to sustainability.

**LENOVO PREMIER SUPPORT PLUS**
Resolve issues quickly with easy break/fix support with 24/7/365 access to Lenovo expert engineers for a seamless remote fix, boosting productivity, device longevity and supporting circularity. AI-powered proactive and preventive alerts provide insights before issues arise. Benefit from next-business-day onsite labor and parts prioritization*, Accidental Damage Protection for mishaps such as drink spills, Keep Your Drive, and more.

**LENOVO CO2 OFFSET SERVICES**
Lenovo’s CO2 Offset Service makes offsetting carbon emissions simple and within the control of the customer. We offset the carbon emissions across the average lifecycle associated with each of our devices by providing the option at point of purchase. These offsets help support climate action projects verified by United Nations, Gold Standard®, and Climate Action Reserve.

**LENOVO ASSET RECOVERY SERVICES**
Lenovo’s Asset Recovery Services (ARS) enables secure destruction of data, helps reduce e-waste, and offers a fair market value for your end-of-life IT assets. The service also supports equipment from any manufacturer including PCs and tablets, monitors, servers, phones, printers, copiers, and networking equipment.

**Accessories**

**ThinkCentre Tiny Vesa Mount II**
This unique mount design houses the Tiny PC while featuring the universal VESA mount configuration and can be used separately or combined with other options for secure mounting functionality.

**ThinkCentre Tiny VI Vertical Stand**
This innovative, elegant stand is designed with a small dip angle in front for ease of installation. Free up valuable workspace, minimizing vibration and noise while maximizing thermal performance.

**ThinkCentre Tiny VI Dust Shield**
Extend the life of your ThinkCentre Tiny by protecting it from dust, dirt, and other foreign objects that can get inside. Improve the performance and overall life of your Tiny with this easy to remove, wash, and replace dust shield.

*Dependent on market, parts, and HW availability.
## Lenovo ThinkCentre
