Lenovo 65W USB-C AC Travel Adapter

All your power needs, in one.

Changing the way you travel for business or pleasure, the Lenovo 65W USB-C AC Travel Adapter eliminates the need for multiple chargers. Power your USB-C devices any time with 4 interchangeable plugs (US, EU, AU, UK) for 100V - 240V outlets at hotels, cafes, or airports. When you're done, just pack the compact adapter in the included pouch, and you're ready to adventure.

Why you need the Lenovo 65W USB-C AC Travel Adapter

More space, more freedom

Designed to make business travel light and easy, the Lenovo 65W USB-C AC Travel Adapter takes up only 90 cubic centimeters of space and weighs just 117 g. That's 44% smaller and 50% lighter than our previous generation of chargers!

More speed, more ease

This 65W PD 3.0 certified adapter delivers enough power to charge almost any USB-C device rapidly. Better yet, its reversible Type-C™ connector allows it to be plugged into any socket regardless of how it's held or inserted.

More adapters, more locations

The Lenovo 65W USB-C AC Travel Adapter overcomes the shortcomings of other adapters by not only offering interchangeable plugs for international business trips (US, EU, AU, UK) but by ensuring their twist-and-lock mechanism is straightforward and safe from accidental drops and twists.
