## Wireless Multi-Device Mouse

### Three devices, one mouse.

Designed to be the only mouse you need, the Lenovo Go Wireless Multi-Device Mouse can be paired with up to 3 devices and effortlessly cycle between them with a push of a button. Beyond its multi-tasking capabilities, this productivity-powerhouse can be used on nearly any surface and rarely runs out of battery, thanks to its blue optical sensor and wireless Qi or wired USB-C fast-chargeable battery.

### Why choose the Lenovo Go Wireless Multi-Device Mouse?

#### Multi-pairing, multi-surface

The Lenovo Go Wireless Multi-Device Mouse supports pairing up to 3 devices using USB-C and Bluetooth® with Swift Pair via a quick switch button. Beyond 3-device pairing, you'll also enjoy the ability to use a Lenovo Unified Pairing Receiver to connect other devices with one dongle. Plus, its blue optical sensor ensures you experience maximum precision on almost every surface.

#### Multi-task, multi-location

Crafted as an all-in-one solution, this mouse features on-the-fly adjustable DPI sensitivity, a programmable utility button with shortcuts configured for Teams meetings by default, and is portable enough to take with you anywhere.

#### Multi-option, fast-charging

With a fast-chargeable battery that provides up to 3 months use on a single 1.5-hour charge<sup>1</sup> and supports both wired USB-C and wireless Qi charging, the Lenovo Go Wireless Multi-Device Mouse is hard to beat.

\* Battery life may vary based on usage.
