Lenovo
Education

Inspire and empower
the future of K-12 learning

Choose from the latest Lenovo devices with the built-for-business Intel vPro® platform and Microsoft Windows 10 — and focus on teaching and learning priorities instead of IT management.

Smarter technology for all
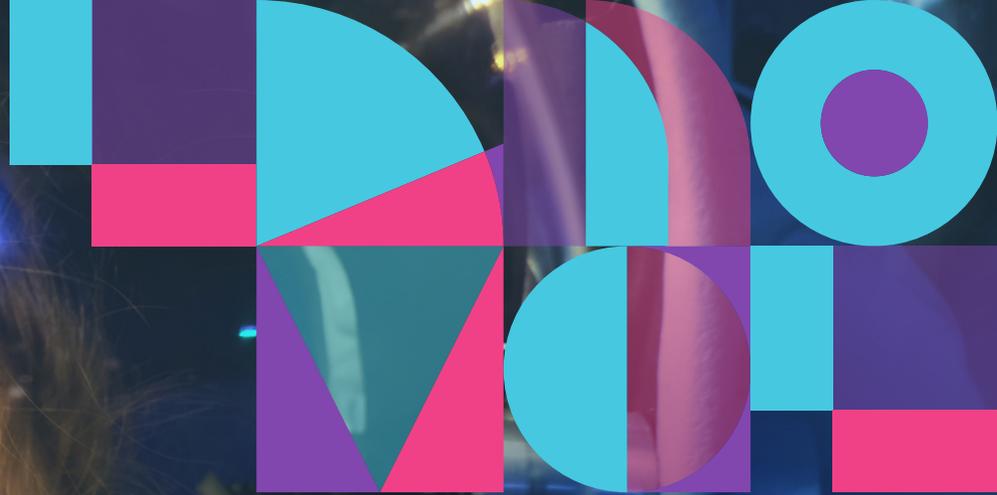

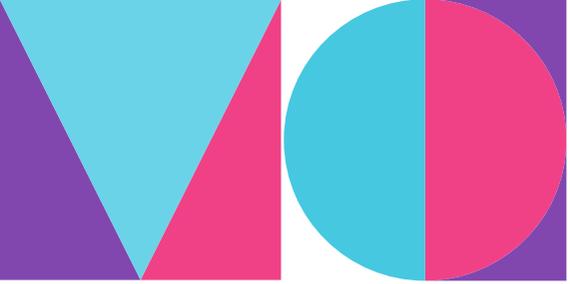

Lenovo

At Lenovo, we believe education is the foundation of a better future.

Our K-12 solutions are designed to help create that future.

Lenovo solutions include devices running Windows 10 Pro on the built-for-business Intel vPro® platform.

Lenovo

Smarter learning ahead

Lenovo K-12 solutions keep IT productive, teachers inspired, and students engaged. **Devices running Windows 10 on the built-for business Intel vPro® platform enable reliable, accessible learning for all and spark discovery in any school environment.**

From digital curriculum to classroom management, immersive learning to esports, our solutions are simple with built-in security — made for education and made to work together.

A working partnership

We partner with customers and value lasting relationships. We work closely with you to:

Assess needs. Understand the dynamics and trends shaping K-12 today and tomorrow and how they affect your specific situation

Evaluate options. Plan wisely to deploy and scale solutions that will deliver the best student and teacher experiences and improve learning outcomes

Customize solutions. Implement the right education technology for your use cases and budget

Lenovo
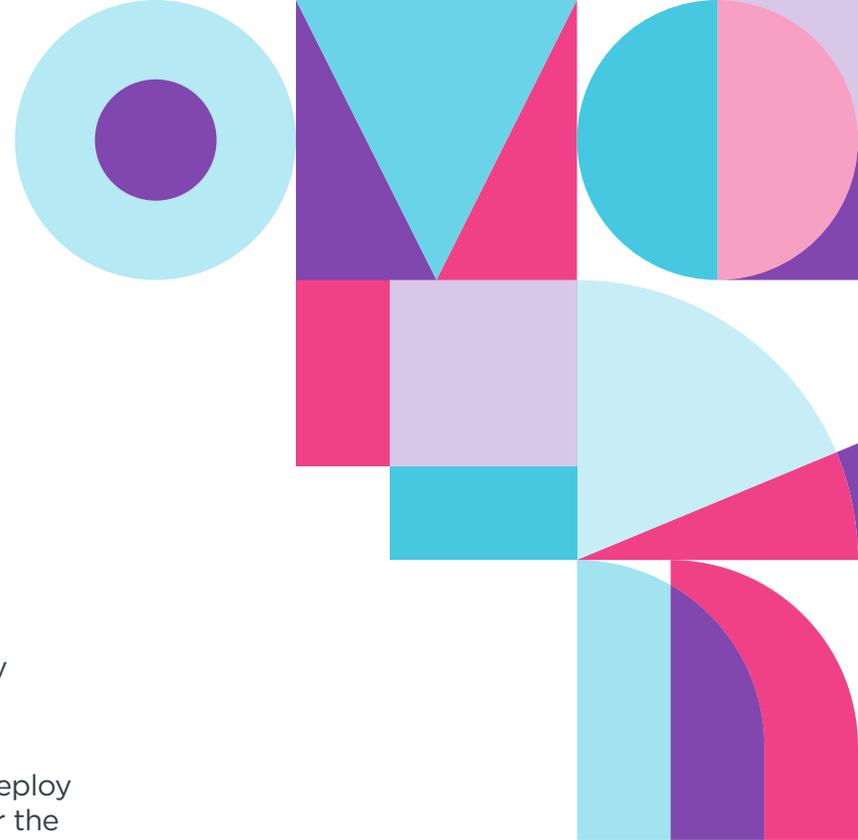

Use our strengths to your advantage

End-to-end solutions

Compatible hardware and integrated software mean easy deployment and management, especially for Windows 10 devices with the built-for-business Intel vPro® platform. End-to-end services mean a lighter load throughout the device lifecycle — all with one point of contact.

Industry depth

20 years in ed tech gives us a deep understanding of use cases and the daily realities IT faces. It's a strong foundation to build your solutions on.

Lenovo
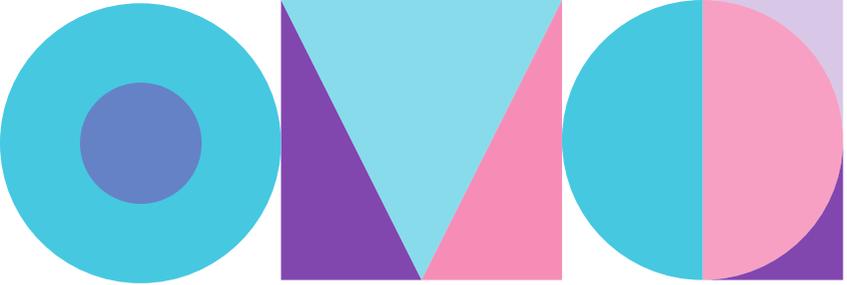

Vision for tomorrow

We're in this for the long term — solving your challenges today and working together to shape the future of education moving forward.

Diverse ecosystem

We're the top education PC provider in the world. And you get even broader solutions and more choice through our strong ties with tech giants and a leading lineup of ISVs.

Lenovo brand

All Lenovo education solutions have the strength of our global brand behind them — the quality, reliability, and tech innovation we're known for as a leader in supply chain security, worldwide services, and unrivaled support.

Lenovo solutions include devices running Windows 10 Pro on the built-for-business Intel vPro® platform.
