ThinkCentre M90a AIO

Take security and productivity to the next level with the ThinkCentre M90a AIO. Combining a small footprint with a spacious display, this enterprise-level all-in-one tackles the toughest demands with speed while protecting your screen and data privacy through cutting-edge AI security technology.

The ThinkCentre M90a AIO leads the industry in cable management design to ensure extremely clean workspaces in open areas and general office usage. The ThinkCentre M90a AIO also excels at efficiency thanks to intelligent voice control. Simply engage Alexa for hands-free operation and improved multitasking. From faster processors to faster wake time, the ThinkCentre M90a AIO is smarter technology for any corporate workspace.
Lenovo ThinkCentre M90a AIO

**SUPER PRODUCTIVITY**
From complex spreadsheets to intense photo retouching, and everything in between, the ThinkCentre M90a AIO keeps up with the most demanding workloads thanks to its 10\(^{th}\) Generation Intel® Core™ U i7 vPro Processors, lightning-fast discrete graphics, up to 32GB of DDR4 memory, and ample SSD storage options.

**AI SECURITY PROTECTION**
With an FHD PrivacyGuard display to protect sensitive information on screen and leading AI technology, like automatic screen blur to block shoulder surfers, the ThinkCentre M90a AIO offers greater security and privacy whether in use or at rest. Plus, it’s backed by Lenovo ThinkShield, the most comprehensive, end-to-end security solution on the market that combines industry-leading secure hardware, software, services, and processes.

**OUTSTANDING USER EXPERIENCE**
Thanks to its expansive display and new Dolby® Atmos® speaker system, the ThinkCentre M90a AIO provides an immersive audiovisual experience regardless of what you happen to be working on. The ThinkCentre M90a AIO also offers outstanding cable management design with a cable cover and cable routing features to keep desktops clutter-free.

**SMARTER TECHNOLOGY**
In addition to being designed for a better user experience, the ThinkCentre M90a AIO is also designed for smarter interaction. Voice command, using the familiar Alexa platform, allows you to initiate simple tasks and perform operations hands-free. Also, being an Always On, Always Connected (AOAC) PC means that the ThinkCentre M90a AIO can wake instantly, connect to the web instantly, and offer greater performance in other areas.
